* This symbol identifies lessons with DynEd's Speech Recognition.

F ocusing on language that is practical and immediately useful, *New Dynamic English* emphasizes listening as the key skill in language acquisition. Using superb quality Quicktime™ video and the most advanced Speech Recognition technology, *New Dynamic English* provides sophisticated, highly motivating listening and speaking practice targeting key English language skills and concepts.

Lesson presentations use narratives, video situations and language associations to challenge and motivate students. Vocabulary and key grammatical structures are carefully sequenced to maximize retention and long-term acquisition. Learning is enhanced by a wide variety of exercises that provide the intensive practice essential for mastery. Speech Recognition lessons, designed to improve oral fluency, increase student confidence and motivation while reinforcing grammar and vocabulary.

Each module of *New Dynamic English* provides many hours of interactive study and features an online glossary with notes and examples. DynEd's patented *"Shuffler"* automatically adjusts the level of the content to optimize the learning pace of each student, making *New Dynamic English* ideal for use in classrooms, labs, or for guided self-study. Detailed Student Records are automatically recorded.

New Dynamic English **is an effective Multimedia course in spoken English.**

Available features include:
- Extensive Video Lessons
- Speech Recognition Activities
- Placement Testing
- Mastery Testing
- A powerful Student Records Manager System
- Comprehensive Instructor's Manual
- A variety of Comprehension-Based Exercises

This powerful course (also available in a networkable version) maximizes the effectiveness of multimedia. Learning is enhanced by challenging exercises that target key English language skills and concepts. The large number of interactive exercises makes this course an excellent test preparation tool for college entrance examinations and standardized tests such as TOEFL® and TOEIC®.
Presentation units cover a wide range of fascinating topics introducing carefully sequenced language at every stage.

"Click and drag" activities illustrate logical relationships and provide the learner with meaningful practice.

Powerful instructor resource tools now available with the

New Dynamic English *Professional Edition*

· Placement Tests

Computer-adaptive Placement Tests help instructors evaluate students' English language skills so they may be placed appropriately within *New Dynamic English* and other DynEd courses. A Teacher's Guide is included.

· Mastery Tests

Mastery Tests are available for each module of *New Dynamic English*, with 3 tests per module-- a total of 24 tests for the course. Test questions are randomized to ensure variation from one testing session to another.

· Records Manager System

DynEd's award-winning Records Manager System tabulates and stores the study records of up to 1000 students per class and an unlimited number of classes. This password-protected system shows total study time and study sessions per student, scores and percentage complete for each lesson. Teachers can also create a customized learning path for students by locking and unlocking lessons as appropriate. Reports show student progress and Mastery Test scores.

· Instructor's Manual

This comprehensive 400+ page manual shows educators how to effectively use and maximize this powerful course. It also provides detailed lesson plans, lively, fun classroom activities, focused listening tasks, and reproducible work sheets for classroom use.

· Networking

New Dynamic English is networkable! Ask for a Demo Disc, which will enable you to test DynEd products on your network.
